

## ULTIMATE

### Rheem Heat Pump

#### 10 year tank & parts warranty

- 2.0 Energy Factor – Over TWICE the efficiency of standard electric water heaters
- Uses heat pump technology for superb energy-efficiency
- Easily replaces a standard electric water heater
- Stainless steel resistor elements
- Heat pump operating range 40° F to 120° F
- Built in freeze/overheat protection
- Easy-to-use LED touch pad controls the water temperature range, 3 energy efficiency settings, and overall operation
- Ideal choice for electric water heater replacements in attics and garages
- 10-Year limited tank and parts warranty

Qualifies for the 2010 Tax Credit (30% up to \$1500)

Includes Water Heater, Basic Installation, new temperature & pressure relief valve, brass drain valve, removal and proper disposal of old water heater tank

## STANDARD

### Rheem Fury™

\$699 + tax

Model # 82V52-2

#### 6 year Tank & Parts Warranty 2 year Labor Warranty (also available with a 10 year tank warranty- additional charges apply)

- EverKleen™ self cleaning device
- Brass drain valve
- Temperature and pressure relief valve included
- Isolated tank design reduces conductive heat loss
- High efficiency resistored heating elements
- Anode rod equalizes aggressive water action
- Over-temperature protector automatically cuts off power in excess temperature situations
- Automatic thermostat keeps water at desired temperature
- .91 Energy Factor
- 67 gallon first hour recovery
- Annual operating cost \$514

Includes Water Heater, Basic Installation, new temperature & pressure relief valve, brass drain valve, removal and proper disposal of old water heater tank

## STANDARD

### Bradford White ENERGY SAVER UPRIGHT

\$699 + Tax

Model # M-2-50T6DS

#### 6 year Tank & Parts Warranty 2 year Labor Warranty (also available with a 10 year tank warranty- additional charges apply)

- **Factory Installed Hydrojet® Total Performance System**—Cold water inlet sediment reducing device helps prevent sediment build up in tank.
- Increases first hour delivery of hot water while minimizing temperature build up in tank. 67 gallons First hour recovery
- **Vitraglas® Lining**—Bradford White tanks are lined with an exclusively engineered formula that provides superior protection from the highly corrosive effects of hot water. This formula.
- **2" Non-CFC Foam Insulation**—Covers the sides and top of the tank, reducing the amount of heat loss.
- **Protective Magnesium Anode Rod**— Provides added protection against corrosion for long trouble-free service.
- .90 Energy Factor
- Annual operation cost \$518

Includes Water Heater, Basic Installation, new temperature & pressure relief valve, brass drain valve, removal and proper disposal of old water heater tank
